

TRANSFORMING LIFESTYLES

JMGO
FURNITURE

THE COMPANY

It all started in the year of 1983.

Mr Alhaj Abdul Monaf, a revered businessman from Chittagong, the port city of Bangladesh, decided to venture into the Timber Business. To give it a shot, he founded 'Bayzid Sawmill'. It was a modest setup which would essentially cater to the non-branded furniture-makers from the vicinity. In a few years' time, that sawmill earned a good repute becoming a trusted name among its clients.

This success enthralled Mr Abdul Maksud, the elder son of Mr Alhaj Abdul Monaf. He thought to take the family business to a new direction. He put all his zeal and zest into that.

And, finally JMG was born, in 2000.

Since start, JMG wanted to make its furniture known for their inimitable design and superior materials. They decided to invest in to build a team of skilled craftsmen and a factory that was equipped with modern machines. JMG started making furniture that awed the customers and competitors alike. A word of mouth made a round for them and their produces. Investors and entrepreneurs took an interest to partner with them opening up showrooms across major business hotspots.

The going is still strong for them.

Next generation from the family got involved in the business only to take it to the next level. New ideas and thoughts are taking roots, and that zeal to make JMG the next big thing in the furniture industry is gradually taking shapes.

P R I N C I P L E S

JMG envisions to help transform lifestyles with products and solutions that are competitively priced. With partners and associates, JMG practices a relation that is based on ethics. This is at the core which forms the very basis of this company.

Know your furniture surfaces and treat them the way they deserve

Lacquered: Always wipe with a damp cloth, and then immediately wipe off using a dry cloth

Laminated: Spray laminate cleaner directly onto the surface and leave for a few minutes. Then wipe with a damp cloth before wiping again with a clean, dry cloth

Solid Wood: Generally speaking, solid wood is one of nature's finest materials and it deserves a special care. Try to wipe it every day with dry cloth.

Never use any cleaner, detergent or chemical

Leather: To keep your leather looking its best, you clean it regularly with a leather cleaner

A few golden rules that will never let you down.

If you spill any liquid, you should always wipe it off as quickly as possible

Protect the surface against scratches

In order to maintain the color of the wood, always avoid direct exposure to the sunlight

Never place furniture close to a stove or radiator

To keep seat cushions looking their best and to help them wear evenly, be sure to regularly turn them. Give foam, feather or fiber-filled cushions a shake as often as possible to help them keep their shape

Make sure the feet of your chair or sofa are evenly placed on the floor. Try not to drag them to avoid damage to the feet, or your floor
